Pinecrest Golf Course

701 East Elva St.

Idaho Falls ID 83401

(208) 612-8485

Services available:

18 hole bent grass greens, tree lined fairways. The greens are small and slightly sloped, plus sand bunkers protect a few greens. Golf Digest gave this course a 4 1/2 star rating for 2009-2010.

Sage Lakes Golf Course

100 Tower Rd.

Idaho Falls ID 83401

(208) 612-8535

Services available:

18 hole, bent greens golf course. Several water hazards dot the course. The course includes multiple tee boxes which varies the yardage from 5000 to 6800 yards. The greens are moderately

contoured and medium in size. Sage Lakes is a Championship golf course which is a test for the scratch golfer and fair to avid and beginning golfers.

Sand Creek Golf Course

5200 Hackman Rd.
Idaho Falls ID 83404
(208) 612-8115
Services available:

18 hole, bent greens course. Sand Creek is truly a championship golf course. Mr. William Benguevfield, Western Director of the Usage's Green Section, stated, " the rolling sand dunes, the abundance of water, the excellent soils and the proximity to town and tourists alike, make Sand Creek one of the potentially great golf courses in the West. The addition of a 5-hole short course adjacent to the regulation course attracts hundreds of junior and adults each season.

It has been designed for a G3 Senior (60yrs. +) and a G3 Volunteer to create a match based on shared interests, preferences and personality so that each G3 Match may experience an enhanced lifestyle through friendship.

G3 Matches enjoy getting together at least 2 times per month or at a minimum of 4 hours monthly. What they do together is completely up to them but often times they get together and:

- enjoy a movie
- go for a walk
- play a hand of cards
- enjoy breakfast
- attend to a ball game, etc.

COMMUNITY SUPPORTS

DEVELOPMENTAL DISABILITY AGENCIES (DDA)

Developmental therapy is provided to improve independent living skills and behavior management. In addition, DDAs offer assessments, counseling, physical, occupational and speech therapy for individuals having a developmental disability.

For children under 18 years of age, eligibility is determined by the DDA. All services are driven by an Individual Program Plan developed by the DDA and the consumer using a Person Centered Planning model following the completion of evaluations and specific skill assessments. The therapy builds on the individual's strengths as they progress towards their personal goals. For adults 18 and older, eligibility and a budget for services are determined by the Independent Assessment Provider (IAP), a contractor with the Idaho Department of Health and Welfare. A Plan of Service (POS) must be developed and authorized by the IAP prior to services. After the

budget is set a Plan Developer works with the participant. The DDA then completes specific skill assessments and develops an implementation plan to address the objectives on the POS. The following agencies are licensed DDAs:

INTENSIVE BEHAVIORAL INTERVENTION

Intensive Behavioral Intervention (IBI) is a Medicaid reimbursed service that is available to children with developmental disabilities who display challenging behaviors. IBI therapists work with children to develop positive behaviors and the skills they need to function in typical home and community environments. IBI is a one-to-one service that is individualized for each child.

IBI is not the name of a nationally recognized service or the name of any single approach.

Children must be found eligible before they begin to receive IBI services and will be evaluated at least annually for continuing eligibility. Visit the Department of Health & Welfare Home Page for eligibility requirements: <http://www.healthandwelfare.idaho.gov/> (you can use the A-Z Index to find IBI information, but look under the Developmental Disabilities link).

Or contact your regional representative:

e-mail: cardr@dhw.idaho.gov

IBI can be delivered by IBI Professionals or IBI Paraprofessionals. If an IBI Paraprofessional delivers IBI, the IBI Professional must closely supervise the IBI Paraprofessional and personally deliver at least 10 percent of the therapy. Only IBI Professionals may conduct assessments and develop individualized IBI Implementation Plans.

Unemployment insurance provides financial assistance to workers unemployed through no fault of their own. In Idaho, workers do not pay any part of the cost of unemployment insurance. Unemployment insurance benefits are funded through a tax on employers, which is collected by Idaho Department of Labor and placed in a federal trust fund. Money from that fund can be used for unemployment benefits and for no other purpose.

Like other types of insurance, the unemployment insurance program requires that you meet certain conditions before qualifying to receive payment. To qualify, you must meet both personal and monetary eligibility requirements. Durable Medical Care (208) 528-5800– Provides for the purchase or rent of medically necessary durable medical equipment and supplies for individuals residing in community settings.

Family Support Services (208) 528-5800 – Assistance for families of individuals who are institutionalized or families of individuals for whom institutionalization may be imminent, and who will, as a result of the Family Support Grant, return or keep their family member home. This service is intended to help families prior to a crisis in order to prevent the need for an individual with a disability to move to an institution or residential placement outside the family

home. Monies can be used for, but are not limited to, diagnostic or evaluative procedures, purchase or rent of special equipment, specialized therapies, special diets, and medical care.

Foster Parents Agency (208) 528-5900 - Provides a licensed home for children who are in the custody of the Idaho Department of Health and Welfare, and, for one reason or another, cannot stay in their homes due to abuse. The Idaho Department of Health and Welfare provides a licensed home for children who are in the custody of the Department, and, for one reason or another, cannot stay in their homes due to abuse.

Idaho Child Care Program (208) 528-5800 - Helps low-income families pay for child care. It is available to families who are employed, looking for work, in job training, or enrolled in school. A family must meet income guidelines and need child care to work, look for work, or attend a job training or educational program. Payments are made to eligible caregivers for child care costs based on a sliding fee scale. The program helps pay for a portion of the child care costs incurred by the caretaker. Choosing and paying a child care provider is the responsibility of the caretaker.

Personal Care Services (PCS) (208) 528-5900 or (208) 528-5750 - Tasks related to a consumer's physical or functional requirements are provided in the consumer's home. May include assistance with: basic personal care and grooming; medications; food, nutrition, and diet; housekeeping; medical appointments; and grocery shopping.

Respite Care (208) 528-5701 – Temporary care or relief to families with adult/children with disabilities living in their home.

Medicaid / Katie Beckett

The Katie Beckett Program is a special eligibility process that allows certain children who are residents of Idaho with long-term disabilities or complex medical needs, living at home with their families, to obtain an Idaho Medicaid card.

Children who are not eligible for other Medicaid programs because the income or assets of their parents are too high, may be eligible for Medicaid through the Katie Beckett Program. However, they must meet all the eligibility criteria.

The following forms are included on the web site and must be completed and returned to the local Self-Reliance office:

- [Medicaid Application for child with a disability \(Katie Beckett\)](#)
- [General Information for Katie Beckett Application](#)
- [Authorization for Source to Release Information for Katie Beckett Application.](#)
- [Physician's Medical Care Evaluation for Alternative Care programs.](#)
- [Child Information Form \(an instruction sheet is included\)](#)

After you complete and return the required forms to your local Self Reliance office, you'll have a required interview with a Self-Reliance caseworker.

If you have any questions or concerns about the medical information needed, please contact Regional Medicaid services at 208-334-0940

Self-Reliance Program

Services available:

Promote and protect the health and safety of Idahoans. Services provided by the Self-Reliance Program include:

- Medicaid and Child Health Insurance Program (CHIP)
- Food stamp benefits
- Cash assistance
- Nursing home assistance
- Home and Community-Based Services (HCBS)
- Help for disabled children (Katie Beckett program)
- Telephone Service Assistance
- Child Support Services
- Additional aid for the Aged, Blind and Disabled (AABD)
- Idaho Child Care Program (ICCP)

Food Stamp Benefits – Food stamps are designed to be a supplement to the individual's food budget. Eligibility for this benefit is dependent on income. **Recertification**-If your notice instructed you to complete a phone interview, or you have questions about your re-evaluation process call us at 1-877-456-1233. When calling for an interview, you must [register for a callback](#)

Cash Assistance – Cash assistance is designed to assist families with dependent children who have little or no income. Eligibility is based on income and resources and has a two-year lifetime limit in Idaho.

Telephone Service Assistance –Telephone assistance will help with some of the costs to maintain telephone services in the home. This does not assist with long distance costs, but rather just basic service. Eligibility is based on income and resources.

Also see: <http://www.idahocommunityaction.org>

Child Support Services – These services are designed to provide assistance in obtaining financial and medical support for children. Services include:

- Establishing paternity
- Locating absent parents
- Establishing court orders for child support obligations
- Collecting child support

These services may be free to those families eligible for above programs, but are available for all other Idaho families at minimal cost.

Idaho Child Care Program – Financial assistance to help low income families pay a portion of their child care costs. Eligibility depends upon income and assistance is provided on a sliding fee scale. Families must be engaged in a qualifying activity. Also, dial 211 or visit www.211.idaho.gov for more information and resources.

Services available:

Idaho Medicaid is a medical insurance program that serves as a safety net for people who are low income, have a disability, or are elderly.

Medicaid Health Insurance – Idaho's health insurance programs are funded through Medicaid, a federal/state partnership that provides insurance coverage for people who cannot afford medical care or health insurance. Eligibility is based on income, assets, age and/or disability
Prevention, Wellness, and Responsibility - Idaho is modernizing the Medicaid program by connecting health needs with different benefit health plans and by improving program management.

Medicaid has three plans to meet different health needs:

1. The **Medicaid Basic Plan** is for low-income children and adults with eligible dependent children.
2. The **Medicaid Enhanced Plan** is for individuals with disabilities or special health needs.

3. The **Medicare-Medicaid Coordinated Plan** is for participants who are eligible for both Medicare and Medicaid and are enrolled in certain Medicare Advantage Plans.

For more information regarding Idaho's health insurance programs (family Medicaid, child supportive services, food stamps, medical assistance, financial assistance), call 1(866) 326-2485.

Help for Disabled Children – Medicaid assistance may be available for the child with a disability who needs the type of care usually provided in a nursing home. Qualification depends on the child's income, assets, medical condition, and whether he/she can be cared for safely at home. This type of Medicaid is sometimes called "Katie Beckett." For more information call 1(866) 326-2485 or (208) 528-5750.

Healthy Connections – This is a Primary Care Case Management (PCCM) program for Idaho Medicaid. Most people who are eligible for Medicaid must enroll. This program helps Medicaid clients find a physician and helps these clients get the health care services they need through a partnership program with the medical community. Contact Region VII Healthy Connections – (208) 528-5794, or 1(888) 528-5861, for more information.

Idaho Department of Health and Welfare continued from previous page

Idaho CareLine - (211 or 1(800) 926-2588) – Individuals can obtain referrals to more than 3500 health and human service providers in Idaho. Information is available in English and Spanish.

Services for Adults Through Medicaid Care Management - Services available to adults with developmental disabilities through Medicaid include developmental disabilities eligibility determination, plan development, and prior authorization of Developmental Disabilities Agency services and Home-and-Community-Based Waiver Services. Adults who are eligible for Medicaid work with the Idaho Medicaid Care Management program for access to DDA, service coordination, and DD/ISSH Waiver services. Contact Region VII Adult DD Care Management at (208) 528-5964 for more information.

My Voice My Choice – Idaho's Self Direction option is a choice for individuals who are eligible for the Medicaid Developmental Disabilities Waiver. This option is about choice and freedom to manage their lives. To learn more contact Region VII Adult Care Management at (208) 528-5964, check out www.selfdirection.idaho.gov or call 1(866)702-5212.

Nursing Home Assistance - Medicaid help with nursing home care, depending on income, assets, and medical condition. For more information call 1(866) 326-2485.

Home Care – Many people who are elderly, have a disability, or have suffered a traumatic brain injury may need assistance to remain living in their homes, rather than moving to a nursing home or other institution. Medicaid provides several options for eligible people to receive assistance and the care they need in their communities. These include Personal Care Services and Home-and-Community-Based Waivers. To learn more about these services and waivers, contact the Regional VII Medicaid Office at (208) 528-5750.

Mental Health Services - Adults – Services through the adult Mental Health Program are targeted for people 18 and older who have severe and persistent mental illness. Our mission is to create an environment where these individuals, their families, communities, and the Department work together to realize self-reliance, dignity and a healthful quality of life. There are three categories of services available in Idaho for adults with serious mental illness:

- State-provided community mental health services
- State hospital services
- Community-based and inpatient mental health services in the private sector

For more information on Adult Mental Health services, contact Region VII Behavior Health at (208) 528-5700.

Mental Health Services - Children – Many Idaho children may need some type of help for emotional or behavioral disorders that affect their thinking, judgment, emotions, and behavior. A wide range of therapeutic, educational and social services is essential to address the needs of children with emotional and/or behavioral disorders and their families. For more information on Children’s Mental Health services, contact Region VII Behavior Health at (208) 528-5700.

Help with Medicare Costs – Medicaid may be able to help with Medicare premiums, Medicare co-insurance, and deductibles. Medicare recipients should ask about:

- Qualified Medicare Beneficiary program
- Specified Low-Income Medicare Beneficiary program

For more information call 1(866) 326-2485.

Disability Rights Idaho (DRI), formerly known as Co-Ad, Inc., is a private, nonprofit legal services organization which manages several federally funded programs designed to protect the rights of people with disabilities. It is the designated Protection and Advocacy system for Idaho. DRI provides advocacy for people with physical disabilities, developmental disabilities, mental illness, or traumatic brain injury who have experienced abuse or neglect, have been denied service or benefits, have had their rights violated or experienced discrimination because of a

disability; or have experienced voting accessibility problems. DRI assists people in getting assistive technology/services; in applying for or receiving services from rehabilitation programs; and SSI and/or SSDI beneficiaries with return to work concerns. DRI also administers the WIPA Program, which provides work incentive planning, assistance, and outreach services to SSA beneficiaries receiving SSI/SSDI, and who are seeking employment.

DRI provides information and referral; direct advocacy; assistance with negotiation and mediation; short term and technical assistance; and legal advice and/or representation to persons with disabilities on issues related to their disability.

Contact DRI for eligibility criteria for the following programs:

- **PADD – Protection and Advocacy for Persons with Developmental Disabilities.** Services to address disability related rights violations for individuals who have a severe and chronic developmental or physical disability.
- **PAIMI – Protection and Advocacy for Individuals with Mental Illness.** Priority representation is provided to individuals with mental illness alleging abuse, neglect or violations of rights occurring in treatment facilities. Services may also be provided to address rights violations in the community.
- **PAIR – Protection and Advocacy for Individual Rights.** Services addressing disability related rights violations for all other individuals with physical and/or mental disabilities who are not eligible for services under the PADD, PAIMI, or CAP Programs..
- **CAP – Client Assistance Program.** Services to provide information and advocacy to individuals who are involved with federally funded rehabilitation programs.
- **PAAT – Protection and Advocacy for Assistive Technology.** Services to individuals with disabilities who need information or assistance enforcing legal rights to obtain assistive technology devices and services.
- **PABSS – Protection and Advocacy for Beneficiaries of Social Security.** Services to provide information and advocacy to beneficiaries of Social Security seeking to secure, retain, or regain gainful employment.
- **PATBI – Protection and Advocacy for Individuals with Traumatic Brain Injuries.** Services to individuals with traumatic brain injury and their families to improve access to health and other services.
- **PAVA – Protection and Advocacy for Voting Accessibility.** Services to ensure the full participation of individuals with disabilities in the electoral process.
- **WIPA – Work Incentives Planning and Assistance.** Work incentive planning, assistance and outreach services to those receiving SSI/SSDI and seeking employment.

Services available:

The primary mission of the Idaho Volunteer Lawyer Program (IVLP) is to increase the availability of legal services to the State’s low income individuals and families by matching

those in need with the donated services of volunteer attorneys and by providing volunteer lawyers for advice, consultation and in some cases legal representation. IVLP screens applicants to connect them with legal services provided by volunteer attorneys or refer them to other relevant community resources that may help them based on specific issues(s). Volunteer attorneys may represent eligible clients in cases involving custody (*initial orders and modifications*) divorce (*limited*), guardianship (*children or adults*), adoption, debt defense (*limited*) and wills (*non-property matters only*). IVLP attorneys also provide services to qualified non-profit organizations. Alternatively, volunteer attorneys may also provide legal advice and consultation in family law, debt defense (*limited*) or other matters of interest to seniors and low-income individuals. **Please be advised that resources are limited and IVLP is unable to accept all requests for assistance; therefore, cases involving domestic violence and/or child endangerment have priority for referral to volunteer attorneys.**

RESIDENTIAL HABILITATION AND CERTIFIED FAMILY HOMES

A Certified Family Home (CFH) is a home where one or two adults who are elderly, have a mental illness, a physical disability or a developmental disability live in family style, usually in their own communities. Certified Family Homes are designed to delay or prevent the need for people to enter an institution (such as nursing homes) for long-term care. Families who provide such care share their homes and families with adults who cannot – or choose not – to live alone because they need protection, security, supervision, encouragement toward independence and help with daily living activities such as bathing, dressing, and personal hygiene.

Mental Health Service Providers

Mental Health services are provided to children with serious emotional disturbance and to adults with severe and persistent mental illness to address functional deficits due to psychiatric illness and to restore independent living, socialization, and effective life management skills. Services are community based programs based on a rehabilitative model which provides assistance to individuals and their families to learn those skills necessary to manage their own behavior and function effectively in the community. Mental Health services may be funded by private insurance or Medicaid when medically necessary based on a diagnosis and a comprehensive assessment.

When selecting a provider it is important to determine if a wrap around menu of services is offered. Services could include service coordination, medication management, group and individual psychosocial rehabilitation, counseling, day treatment, opportunities for parent training and family involvement.

SPECIALIZED TRAINING PROGRAMS

APPRENTICESHIP TRAINING

Apprenticeship training is the main way to prepare for some occupations such as plumbers and electricians. For many other occupations, such as carpenters and machinists, apprenticeship is

one of several ways to train. Apprenticeship programs last from one to six years (usually three or four years), depending on the occupation. Apprentices work under a skilled craft worker, with less supervision as they gain more skill. At least 144 hours of related classroom instruction per year is required to continue and apprenticeship.
